All-  
Jim Potter, HUD, called to express HUD's continuing concerns about the EIS process for Harbor Bridge, especially about the lack of mitigation and FHWA's response to HUD's comments on the DEIS. He has been asked by HUD Director of Office of Environment and Energy to contact the FHWA headquarters staff who can discuss measures to address HUD's concerns.

Can you provide us with the names of the most appropriate FHWA HDQ person to contact?

Thanks!

Suzi,

At what level is Mr. Potter? Owen Lindauer was the FHWA HQ environmental staff on the last call I believe. He can be reached at (202) 366-2655 or [owen.lindauer@dot.gov](mailto:owen.lindauer@dot.gov)

Owen is a member of Gerry Solomon's staff. Gerry is reachable at 202-366-2037 or [gerald.solomon@dot.gov](mailto:gerald.solomon@dot.gov)

Mr. Gavin,

Thank you for the contact information.

I am a GS-14, and the Director of OEE is a GS-15. Which one of us is most appropriate to call Mr. Lindauer?

Jim,

I would suggest contacting Owen. If needs be, your director should probably contact Gerry, as he is FHWA's Director of the Office of Project Development and Environmental Review.
